Judge Lindsey and Others in Charge Kickbacks Among the Delegates One Reason for Detroit May's Decision to Return to United States.

By Associated Press.

CHRISTIANIA, Nov. 24.—Before leaving Christiania for America, Mr. Ford wrote out the following statement for the press:

"I am satisfied with what has been accomplished in Christiania. The newspaper power to end the war for us is through publicity that the gospel of peace is forever."

"Norway is like any other country. The people are all right."

In announcing at Bergen the circumstances under which the expedition would be continued, Mr. Ford said a committee had been appointed to net a leader. It consists of Judge H. C. Lindsey of Denver and Reverend Dr. John Lloyd Jones of Chicago; John Avery of San Francisco; Senator George A. Neeley of South Carolina; and Louis F. Luehrer of Chicago, Mr. Ford's secretary. Christiana newspapers say that in view of Mr. Ford's departure no prominent Norwegian will join the expedition.

LONDON, Dec. 24.—A Copenhagen dispatch to the Exchange Telegraph Company says:

"Before leaving Mr. Ford gave a check for about \$270,000 to finance the expedition. He is unable to make headway. His party was always at loggerheads and Scandinavian patriots adopted an attitude of reserve. When Mr. Ford found all official doors closed he broke down."

DETROIT, Dec. 24.—Although Mrs. Henry Ford could not be reached this forenoon, could not the family express great surprise at Mr. Ford's return home. His private secretary said no telegram had been received up to 11 o'clock announcing that he would return.

NO CHRISTMAS TRUCE IN FIGHTING TRENCHES

LONDON, Dec. 24.—Many isolated engagements on various fronts have been held in the universal Christmas truce. Nothing of great importance, however, has developed.

From Galicia the Russians report success in an action against the Austro-Hungarian forces who had been holding an intrenchment recently that the Austrians and Germans are seeking to strengthen their lines. Although no activity is reported on the Mesopotamian front, the Russians are advancing steadily in Persia, in an effort to link their forces with those of their British allies.

On Hartmann-Wellerkopf, the French claim to have maintained their gains on a front of 10 miles, which they may have compelled to fall back. The Germans asserted they have taken the lost ridge with the capture of a large number of prisoners.

Special dispatches to London papers stated that Americans are preparing to invade Greek territory in an effort to expel the Allies from Anatolia. The Entente forces are engaged in strengthening their positions and express there is an immediate prospect of an offensive.

The English adjourned without reviving the debate concerning the Earl of Derby's recruiting plan, but on reassembling after the holidays the members will have the facts in regard to the question whether conscription is necessary.

They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not take drugs—but do use the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohol or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the difference.

**CHRISTMAS:**  
"Peace on earth, good will to men;"  
The Christian sentiment still stands  
for something in the country and the  
American Continent, though overseas in  
war-torn and blood-drenched Europe,  
where it has hitherto meant overmuch  
than it ever did here, it is just now  
more mockery. No peace is there  
any more. The Good Will  
which places prominently among men at  
this season, is really my organized  
efforts for mutual shallowing.

General Sherman summed up this  
condition tersely when upon a famous  
occasion in American history he said:  
"War is hell." The European War is  
not only war on man, stupendous  
scale than was ever recorded in modern  
history or dreamed of in modern  
civilization, but it is characterized by  
more cold ferocity and less warm senti-  
ment.

The rules of civilized warfare have  
been thrown to the winds whenever  
they did not suit the plans of the combatants.  
International law has been  
ignored when it has interfered with  
tactical advantages. At every turn we  
have been met with the most striking  
proofs that the nations in  
conflict are determined to win at any  
cost and apparently at any sacrifice  
of right or principle. The hell of war  
seems to have warped every fibre of  
their morale.

In the beginning of operations Great  
Britain's public knew that her policy  
would be to blockade the German ports  
and starve the Germans into submission.  
That was upon common sense and  
children. Later on the Germans retali-  
ated by trying to break the blockade  
by sailing vessels which sank ships with  
no regard to the loss of life entailed.  
That was cold-blooded massacre of non-  
combatants. The presence of Ameri-  
can citizens on board some of these  
cruel ships, even though the ships  
were British ships brought us almost  
to blows with Germany, and has been  
keeping us in diplomatic hot water  
ever since.

Now comes the announcement that  
Great Britain has suspended the issue  
of hunting permits for the shipment  
of herring to be gathered by the  
Red Cross ships in this country for  
use in Germany, Austria, Bulgaria and Turkey.  
The world of Christ is abroad in the land, but he  
is not nowhere where the spirit of  
Mussolini rules. The policy of the lat-  
ter is cold, cruel, calculating, unre-  
lenting annihilation.

It is the ultimate of operations. Great  
Britannia's public knew that her policy  
would be to blockade the German ports  
and starve the Germans into submission.

The Christmas sentiment is a mock-  
ery to these unhappy millions. In  
this country we should recall this fact.  
It may help to help them more  
liberally than we have been doing,  
and it may help us to a better and  
clearer understanding of the blessings  
of peace and prosperity which this  
holy Christmas brings to this  
great nation and its good people.

Abe Martin.

GRIP.

The mild winter weather has  
brought its bite. The state is overrun  
with an epidemic of the grippe. The  
health authorities "advise" that the  
customary salutations of love and  
farewell be dispensed with. We are  
asked to avoid the handshake and we  
would the plague and leprosy the  
kin if we would eat the pestilence.

This is evil Christmas news.

The handshake is common and it  
cannot be broken up unless the health  
officer has more of the people.

Kissing is not public, but it is sur-  
prisingly encouraging. And when it is  
known the answer is, "It will be  
harder to break up, unless the hand-  
shake. The boys and girls will take a  
chance."

However, the spread of the grippe  
will not depend entirely upon these aggres-  
sive and the simple rule for fresh air  
and proper food and water for the per-  
son will have more to do in preserving  
the public health than pills or powders  
or rates of polite conduct.

The Christmas spirit seems to be  
abroad in Connellsville this year. The  
recovery from Democratic times has  
been recent, but when we consider our  
situation and compare it with that of  
the people of Europe we feel that we  
have much to be thankful for and  
much to stimulate the spirit of Christ-  
mas.

## HOLIDAY TIME ABOUT SCOTTDALE WILL BE BRISK

The Churches and Sunday Schools Plan for Christmas Exercises.

### SHOPPING HAS BEEN LIVELY

Music Programs, Treats for the Children and Donations for the Orphans Will be Features by the Various Churches; Other News.

**Special to The Courier.**  
SCOTTDALE, Dec. 24.—The last frenzied dashes of those poor souls who leave off until the last moment to get of Christmas presents will soon be over and, after a hard day's breath, they will out more decide that "never again" will they be caught that way, but will start their holiday shopping next year about August 1st, when it has been a holiday season, say the merchants, and there have been ample evidences of this today, when payday cash came into use.

Christmas Day coming on Saturday will be very generally observed by the stores and household.

"His Only Son" is the title of the Christmas exercises to be given at Trinity Reformed Church by the Sunday school on Sunday evening at 7:30. The choir of the primary department will sing three hymns.

"The Prince of Bethlehem" will be the entertainment to be given by the Lutheran Sunday school on Christmas evening at 7:30 o'clock. There will be a beautiful program, including a treat for the entire school. An offering will be taken for the Orphans' Home at Zelienople.

The Sunday school is up and including the Intermediate department of the Methodist Episcopal Church. The school will receive their treat of Christmas morning, and on Sunday morning and evening special services will be held.

The United Brethren Sunday school will have their annual Christmas donations will be made for the Quincy Orphans Home, and their exercises were held last evening, with treats for the little ones.

At the Presbyterians Sunday school there will be a special entertainment at 4 o'clock Christmas afternoon, when a program will be carried out and the children treated. Christmas services will be held on Sunday with special services.

The Baptist will assemble in their church on Christmas morning at 10 o'clock for the annual social hour. There will be a special offering taken on Sunday behalf of the Orphans' Home.

The Methodist congregation will have preaching services and a treat in the church on Christmas morning, and a treat will be given at the Missions and Home school.

The children of St. John's the Baptist Catholic Church will be given a treat some time later. There will be Christmas masses said in the church on Christmas morning.

The United Presbyterian Sunday school will have their treat on Christmas morning at the church at 9:30 o'clock.

Christians Church will also have their Sunday school treat on Christmas morning at the church at 9:30 o'clock.

No special program will be given at the United Evangelical Church, but the annual treat will be given the Sunday school on Christmas morning at 9 o'clock.

### POSTAL ROUTES.

The Scottdale postoffice will close at 11 o'clock on Christmas morning and remain closed the rest of the day. Mail will be received and dispatched as usual. The rural route carrier will be out. Christmas being the only holiday in the year that he does not get. The Christmas business has been very heavy and extra help is needed for the carriers and carriers as is the annual custom.

### BASKETBALL GAMES.

The fast Charter team will be the visitors whom the Scottdale team will meet. The Charter team is a good one, and will be a fine lineup. It is said: Stark, Gates and Brickey forwards; Al Brown, center, and Burke, McDowell and Lowstutter guards. The junior basketball team will play two games and open their season on Christmas Day. The Uniontown Scholastics are the visitors and one game will be played at 2:30, and the other at 4:15. The junior team will be about the same as played last season.

### CHRISTMAS SHOOT.

With possibly an eye toward precedents there will be an old fashioned turkey and chicken shoot at the White school house on Christmas afternoon at 1 o'clock.

### CHILLY CANTATA.

At the First Methodist Episcopal Church on Sunday evening there will be a Christmas cantata rendered by the choir, under the leadership of R. H. Darrell. "The Christmas Klub" is the title of the program, and the numbers are as follows:

"Ye the Why," introduction and opening choruses; "O'er the Silent Eastern Hills," soprano and alto duet, and choir; "Following the Guiding Star;" men's chorus; "Majestic Morn," choir; "And There Were Shepherds," contralto solo, women's choir.

"The Song is Singing Still," soprano solo; "Joy to the World," choir; "Gloria Hymn," soprano solo, with choir accompaniment; "Praise Ye the Lord," alto solo; "Lord Jesus," mezzo soprano solo, with choir.

### QUARTER CENTURY.

Three of the younger and most progressive business men of this community celebrated this month the 25th anniversary of their connection with the institution. They are: Charles H. Loucks, who started with the First National Bank and has risen to cashier; J. M. Zirringer who has been with the Scottdale Bank the same length of time, and is now cashier; and Robert Gove, agent at Scottdale for the Pennsylvania Railroad and who has been with that road at

Everson and Scottdale for a quarter of a century.

C. S. Gilligan of near Mount Pleasant believes that he made the champion long distance runner in his section this year. It was like the man who gave his pig a bucket of slop and then put the pig in the bucket. William Johnson, of Scottdale, who helped him, believes him entitled for the statements that making 57 feet long was satisfied with about 58 pounds of sausage. A man near Greensburg claims making a sausage 46 feet long.

"I Never Let You Out of My Heart," choral, "Crown and Cross," soloists. In the morning the pastor, Dr. G. W. Everhart, will preach on "A Christmas Message."

The Edworth League meets at 6:30 Sunday evening and this will be the last meeting until the evangelistic campaign is over.

### EPISCOPAL SERVICES.

At St. Bartholomew's Church there are regular services being held each Sunday evening by Rev. Knappa. There will be a service on Christmas morning at 11 o'clock.

### What Is Uric Acid?

#### THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood, its presence has been a source of trouble and the bad effect it had upon the body scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes rheumatism, gout, gravel, neuralgia and sciatica.

Dr. Pierce, of the Invalids Hotel and Surgical Institute, Buffalo, N. Y., says:

"Anuria" has proved to be 37 times more potent than "Rithate," and consequently you need no longer fear muscular or articular rheumatism or gout. It cures all forms of rheumatism, and cures them quickly.

It cures all forms of neuralgia,

sciatica, gout, gravel, neuralgia and

sciatica, and cures all forms of

gout, neuralgia and sciatica.

If you feel that tired, worn-out

feeling, backache, neuralgia or if your

sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's Anuria.

Doctor Pierce's reputation is that of

this medicine and you know that he

has "Golden Medical Discovery"

for the blood and his "Favorite Prescription"

for the life of women have had a splendid reputation for the past fifty years.

## The ENGER TWIN SIX Is a Car of Many Expensive Features

The motor is of the VALVE-IN-HEAD type, but with removable head. Every valve is controlled by a valve in the valve-in-head motor, but it is more desirable to the consumer.

The cam-shaft is chain driven, insuring a quiet operating motor at all speeds.

There are 24 cams, each valve being operated by an individual cam.

The timing system on the ENGER TWIN SIX is worth your consideration.

The engine is built in the bottom of the frame, below the floor. The force pressure pump is located at the bottom of the frame, from which the oil under pressure enters the crank-shaft at the three main bearings, the pressure being equalized in the crank-shaft. All pistons carry a valve.

The valves are lubricated under pressure.

The car is equipped with a double jet carburetor, the manifold being built-in-jacketed, insuring gas at the precise temperature under all conditions.

The timing system on the ENGER TWIN SIX improves the riding of the car.

With these spindles, the car rides on the full elliptic, but with the cam-shaft you do not get the well-known elliptical rebound.

The ENGER TWIN SIX suspension maintains steady riding at all speeds, can light or heavily loaded.

Not only do you obtain these expensive features in the ENGER TWIN SIX, but the car is manufactured in such large quantities that it can be purchased at the very popular price of \$1,095.

which is the price asked today by most manufacturers for the single six.

## AN ENLARGEMENT OF AN INDUSTRIAL PREPAREDNESS PLAN

As Suggested by The Courier,  
Meets Author's Approval.

### WOULD INCLUDE LARGER AREA

In His Comprehensive Scheme for  
Safe-Guarding Iron, Steel and  
Munition Plants and Their Sources  
of Supply for War Materials,

It was with no thought or desire to appear selfish or sectional that The Courier, in a recent issue, proposed that the suggestion of the Baltimore Manufacturer's Record, namely, having one and a six-months munition plant development in the south be enlarged to comprise the whole of the western Appalachian foot-hill country, from the Ohio river southward. The author's view, however, in making the above suggestion, must be indicative and general in its application than he scope appeared to be.

That The Courier's amplification of the national industrial preparedness plan will be considered by the national leaders, but still somewhat short of its ultimate comprehensiveness, appears from the following communication from Mr. Richard H. Edmunds, editor of *His Record*:

I have received much interest and attention, I might say, in my article entitled "Industrial Preparedness," based on the suggestion of the Manufacturers' Record in regard to the development of iron and steel and munition-making interests in the Central and Western mountain region. In this editorial you say "there is not wanting in the suggestion proofs of a strong desire that the South be made the chief beneficiary of this proposed scheme of industrial preparedness, depending this wholly from a broad viewpoint and in the spirit of seeking an enlarged public good." The Courier is prompted to supplement the original suggestion by another, in view of the following suggestion of the development of the whole Appalachian mountain region as a natural fortification of the country.

I agree fully with all that you say on this subject except that you do not seem to appreciate the fact that the South is the chief beneficiary in the development of the whole mountain region.

Although there still is pending before the commission proposed increases in the rail rates of the Western roads, I grant permission to increase tariffs.

Railroads operating on the Mississippi and the Missouri rivers and the Rocky Mountains were granted increases in freight rates by the Interstate Commerce Commission yesterday on many commodities, including agricultural implements.

No estimate of the additional revenue the roads will derive from the advances is contained in the commission's report on the case, but it will amount into millions of dollars.

But despite the fact that numerous increases were denied.
